Children Immunisation (Private and awaiting Medicare)

Both private immunisation patients and those waiting for their Medicare card will be billed the same way. They will be charged for item 36 with an \$80 gap. To make it easier, I've created a fee called "private vaccine gap." Just search for this in the fee filter.

- Level C (item 36): \$82.90 + \$80 (private vaccine gap)= \$162.90
- Overseas immunisations \$250 non-Medicare refundable (WE DON'T DO THIS)
